Level 5, Lesson 3 Adapted Guide Level A

Teacher Tip: This lesson will focus on how having a plan on the amount of money kids save and spend is very important to meet their goals. Using patterns can help kids to figure out how and when they will meet their saving goals.

The vocabulary words for this lesson are **Savings and Patterns**. Students will need to understand that in order to purchase a larger item they will have to save money over time. They can use patterns to figure out long and how much they need to save.

The adapted lessons are a skip counting lesson to reinforce patterns, and an adapted classroom activity about patterns. Lastly, there is an activity where the students can create their own super hero costume and determine what the cost would be.

Level 5
Lesson 3
The Costume Contest is here!

Mack and Cheese found jobs to pay for their

costumes. Mack has worked really hard.

Cheese has not. Mack has a plan. He saves,

and spends a little at the movies. Cheese does

not have a plan. He just buys what he wants.

You can use patterns to help you reach a goal

for saving. Cheese carved the pumpkins and

sold some toys. But he did not save much

money. Mack worked every week, and saved his

money.

Cheese's costume is an Emu. It is not very

good. Mack's costume is a Platypus. It is

very good. Mack wins the costume

contest.

Savings

Money that you earn and put aside to spend later. You can keep this in a bank or in your house.

Pattern

A repeated sequence

Skip Counting

Practice counting by different amounts so you can quickly decide how much you need to save to reach a goal.

Count by 2's

2, 4, 6, _____

Count by 3's

3, 6, _____

Count by 4's

4, 8, _____

Count by 5's

5, 10, _____

Count by 10's

10, _____

Count by 15's

15, 30, _____

Count by 20s

20, _____

Find the Pattern

Circle the picture that continues the pattern.

Circle what comes next.

How much do you need for your costume?

Determine how much you would need to save for your super hero costume. You will need to pick a cape, a mask, and costume material.

Cape Choice-you can get your cape in any color!

Long Cape-\$12

Short Cape-\$10

Cape with Symbol-\$25

What did you choose? _____ How much? _____

Mask Choice-you can get your mask in any color!

Basic Mask-\$5

Mask with Ears-\$7

Deluxe Mask-\$10

What did you choose? _____ How much? _____

Material Choice-choose what you want to use to make your costume.

Cotton-\$20

Spandex-\$30

Denim-\$40

What is the total amount you need to save? _____
