

Cash or Credit Candy

I sold a million records
Now I got a way to pay
Got dollars in my wallet
And the rest is in the bank
I bank with Piggy
They save my money
Candy ain't free
I pay with this cheese

Give me cash money candy
Now you can pay me (*Tammy*)
Cash money candy
It feels like your birthday

If you got a form of payment
You can buy your candy (*Tammy*)

He put his cash in the bank of piggy (*Megan*)
And they gave him a debit card (*Megan*)
The debit card takes funds from the piggy (*Tammy*)
So now he can buy him a candy bar (*Timmy*)

If I don't want to use
Any funds from my bank
I could borrow Kitty's funds
With a card in my name
It's called a credit card
You can spend like a star
But you gotta pay it back
So don't go too hard

Give me credit card candy
Now you can pay me (*Tammy*)
Credit card candy
Don't get carried away.

Credit cards have a limit (*Timmy*)
You can't spend past the max (*Tammy*)
Credit cards charge you interest (*Timmy*)

When you're slow to pay Kitty back (*Tammy*)

Interest is the cost of borrowing (*Megan*)

If you don't pay back the cost keeps growing (*Megan*)

The cost of your candy goes from 1 dolla, 2 dolla, 3 dolla, interest (*Tammy*)

Just pay Kitty back (*Timmy*)

Give me credit card candy

Now you can pay me (*Tammy*)
