

FUN & BOWLING

Megan Piphus Peace

INSTRUMENTAL INTRO

TAMMY

On Friday nights

My friends and I like to go out bowling

Throwing strikes gets us so hype

We would make a great team

Oh a team, if we started a team

That couldn't be beat

Oh a dream it would be if we

Won a tournament trophy

All the good things that come from our time out bowling

Are the benefits that will be flowing

Oh the benefits like throwing strikes and exercise

We could wear cool uniforms and take home a sweet prize

I'll add up all the benefits that will maximize my happiness

If the benefits are endless, bowling with my friends will lead to success

MEGAN

Your choice to start a bowling team

Will bring the benefits you dream

But your choice cannot

Ignore the likely costs

Make a list of all the benefits

Then dish out all the negatives

If there are less expenses than wishes

Your choice is a good decision

BOOTSY BRIDGE 1 (Instrumental)

TIMMY

I'll help you call out all the costs of fun and bowling

Bowling means less time at home

Less time for watching TV

Oh the cost of bowling weekly would take a lot of money

We'd have to pay for passes to get into the alley

Ordering our bowling team new shoes and uniforms

Will use up our allowance that we earned doing our chores

Oh the strength and energy bowling takes from our bodies

We will need recoveries to restore our abilities

Let's subtract out all the negatives
That reduce our total happiness
If the negatives are endless
Bowling with our friends will cause too much stress

MEGAN

Your choice to start a bowling team
Will bring the benefits you dream
But your choice cannot
Ignore the likely costs
Make a list of all the benefits
Then dish out all the negatives
If there are less expenses than wishes
Your choice is a good decision

BOOTSY BRIDGE 2 (Instrumental)

TAMMY

We have a choice
A team to join
But do the negatives
Give us net happiness

We'd have uniforms
We could throw strikes
Winning a trophy
A big cash prize

TIMMY

We will enjoy
We would score points
Oh and the benefits
Oh happiness

And we'd have chores
Bowling has a price
Costs a pass to the alley
Takes practice time

BOOTSY BRIDGE 3 (Instrumental)

TIMMY & TAMMY

Our choice to start a bowling team

Will bring the benefits we dream

But our choice does not

Ignore the likely costs

We made a list of all the benefits

And dished out all the negatives

If there are less expenses than wishes

Our choice is a good decision!
