

One More Cannon Ball

Blackbeard

I really that that I could have it all
So I fired all the cannon balls I owned
Now all my resources are blown
I need a loan, badly

Blackbeard

There's only so much of everything
Even water isn't never ending
I squandered my supply
If I want more there's a price

Megan, R. Matey, I. Matey, and Reginald

He thought that he could buy more balls
With the treasure that his pirates stole
But now the cost is his downfall
Mates, he just can't afford

Blackbeard, Megan, R. Matey, I. Matey, and Reginald, Singing Clams

One More Cannon Ball
Should have planned to save them all
Resources are limited
If I want more there is a cost
How much can I pay for
One More Cannon Ball

Singing Clams

He lost his supply
He lost his supply
How will he get by
How will he get by
Oh get bye, get by
